Our class have joined together with Room 8 this term, and will be opting into a variety of learning through play opportunities, to gain confidence in growing friendships, learn new skills, and show success in making good decisions.

We are continuing to sharpen our maths skills, with a focus on problem solving, using maths in our daily world, and adding and subtracting larger numbers.

Please help your child return book bags daily to our class, so that they can bring home their reading book to read with you.

At the end of the year, we look forward to learning Christmas waiata so we can sing to our whānau at our celebration picnic.

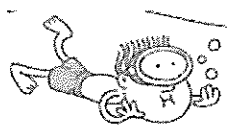

It is a busy last term of 2022!
